## **Stand Against Su Condemns HELP Committee Vote in Favor of Julie Su**

*Coalition of freelancers, small business owners, tipped workers, and franchisees urges Senate to vote no on labor nominee Julie Su*

**WASHINGTON, DC** – Stand Against Su, a coalition of small businesses, freelancers, tipped workers, and franchisees had this to say in response to today's Senate HELP Committee vote in favor of Julie Su's nomination for Secretary of Labor:

*"Julie Su is the most radical and flawed nominee for Secretary of Labor in recent memory. Her abysmal track record demonstrates that she does not have the competency or skills necessary to hold the office of Secretary of Labor. Her commitment to anti-business, anti-worker policies makes her a threat to entrepreneurs and workers across the nation.*

*The advancement of Su's nomination imperils the livelihoods of millions of independent contractors, tipped workers, franchisees, and small business owners. It is critical that the Senate step up and vote against Su's nomination."*
